

# PPP FORGIVENESS ONLINE PORTAL

Meadows Bank is pleased to inform you that it will be opening its PPP Forgiveness online portal soon. Meadows Bank will be sending invitations to borrowers starting in the next few weeks, via email in a staged manner based on the amount of the PPP loan in order to save significant time and effort on the part of the borrower. We are just waiting on some final details from the SBA regarding how to handle the EIDL advances that borrower's received. We should receive that information this week and will begin sending out the emails.

We will begin with loans over \$150,000, as we are still expecting that Congress will approve a streamlined forgiveness process for loans under \$150,000. The invitation email will contain all the information you need to sign up for access to the forgiveness portal and apply for your PPP loan forgiveness. PPP loan forgiveness will be an online process and completely paperless.

You will need to accept the invitation and create an account within 5 days of receipt. You will then follow the steps to provide the necessary information for SBA to calculate the total amount of forgiveness.

**Note:** *This Portal is not supported on Internet Explorer, so you will need to use Chrome or Firefox Browsers.*
